## Local Gossip

Circuit court begins Monday.

All kinds of weather this week.

Stanford has a hustling commercial club.

Butter is very scarce and high. Eggs are way down.

The new bank wants to begin business about Sep 1.

The Baptist Aid Society will meet with Mrs C D Powell Monday night.

The U D C will meet with Mrs Fannie Farra next Monday afternoon at 2:30 o'clock.

Read our clubbing offer with the Cincinnati daily Post. Only \$2.50 for both papers one year.

### Wanted.

Wanted 20,000 pounds of wool. High est market price. W R Gott & Co.

There were almost as many people in town Saturday afternoon as come in on court day. Business was good, too.

Judge Ford has had a water faucet placed in front of the court house for the convenience of the thirsty public.

Farmers were never so well advanced with plowing. The weather has been fine for farm work nearly all winter.

Rev Mr Brown, who preached two excellent sermons at the Presbyterian church Sunday, will likely be called as pastor, though no definite steps have been taken as yet.

Mr L M Rue, of the real estate firm of Rue & Currey, Harrodsburg, was here Monday closing up the deal for the farm near Camp Dick Robinson recently sold by McGrath and Route to N J Gosney.

Mr H B Northcott, the poultry man, has moved his headquarters to Mulfinger's stand, on Public Square, at corner of Lexington street, where he will be glad to see all his old friends and new ones wanting the best prices for what they have to sell.

### Post Office Moved.

The post office at Point Leavell has been moved from the store at the station to the store of Noah Spainhower, about three-quarters of a mile nearer Paint Lick. Mr Spainhower has been appointed postmaster.

### Flying Machine.

The managers of the Lancaster fair, which will be held July 18, 19 and 20, have made a contract for the exhibition of a flying machine on each day of the fair. This will be a novel feature and attract large crowds.

Bro Tindler's subject for Sunday morning is "Our Religion," the evening subject being "The Genuine Woman."

Mrs Susan Price was taken suddenly ill the first of the week, and as this is written is in a very critical condition. She is nearing her ninety first year.

The host of Lancaster friends of Dr Wm Simpson Elkin, of Atlanta, are greatly gratified to learn that he is rapidly recovering from his recent illness.

Eld F M Tindler was in Covington Thursday, where he delivered a lecture to a mass meeting of the Licking Valley Union of the Christian Endeavor Society.

Two unsigned communications were sent to this office this week, and were promptly consigned to the waste basket. Will people ever learn the rule in regard to unsigned communications?

### Circuit Court.

The March term of the Garrard Circuit Court will convene Monday with 16 equity, 5 ordinary cases and 1 appeal constituting the appearance docket. The 30 indictments found at last term will be called. Of these, 26 are against "Chute" negroes for selling whiskey and vagrancy. The case against Will Ward for killing Henry Patterson will be called, as will also that against the negro, Stewart Humber, for killing Will Merritt. There is no large amount of work and it is believed the dockets will be well cleared up.

### Work on Turnpikes.

The last session of the Fiscal Court, under provisions of the general road law authorizing and empowering the county judge to order and receive bids for putting metal on the turnpikes, and make provision for the same for the year 1906, in accordance therewith Judge Ford has had large posters printed calling attention of prospective bidders to the fact. We are informed by the county attorney, J E Robinson, that under the law as interpreted by the Court of Appeals of Kentucky, the Fiscal Court can elect but one supervisor, in event the court fails or refuses to elect a supervisor, the road overseers in the respective road precincts of the county shall superintend the contracts so let by county judge. The maintenance and supervision of the turnpikes is a big job, and costs an enormous amount of money, and it is remarkable that they are kept up well as they are, especially here in Central Kentucky where so much heavy hauling is done.

### Garrard County's Entry.

Her many friends in Garrard and adjoining counties are delighted with the great success Miss Mary Lear is making in her race in the Courier Journal's Tour-Of-Europe Contest. There are quite a number of entries in this district, and the fact that she has remained near the head of the list shows the splendid chance she has of winning the honor. Miss Lear is one of Garrard county's most attractive and popular young ladies, and her legion of friends are doing all in their power for her. Clip the coupon from your daily Courier Journal, and if you will kindly inform Miss Lear, at Paint Lick, of your intention of helping her, addressed envelopes will be sent you in which to send her your ballots. The dates on each coupon shows the day to which it is good, so please don't keep them too long. If you live in Lancaster, and will leave your coupons at The Record Office, we will gladly send them in. Let everybody help the Garrard county lady win this honor - show county pride by helping her. Full information as to the contest is printed in each copy of the Courier Journal.

### Doing Splendid Work.

The work of Hon. Clarence E Woods as Mayor of Richmond will not only save the taxpayers of that good city many dollars, but will result in the establishing of a system of keeping the city's books whereby every taxpayer can and will know just where every penny of the thousands of dollars collected off the people goes to. Mayor Woods does not raise the cry of fraud, but simply wants every dealing made public, every payment of the people's money so made, and so recorded that anyone can look at the books and in ten minutes see exactly what's what. He instituted an investigation of the city's affairs for some years back, and not a scrap of pen could be found for some of the time. As stated above, there is no intimation of graft, or misappropriation of funds, but he wants the affairs conducted in a business-like way. How many people know where and for what their taxes are paid? Under the general rule, it would take two weeks to figure it out, even when the books are kept up to a reasonable standard. At Richmond now every detail of the council proceedings is published in the paper, and there is no kick from the taxpayers over the small amount paid the papers for the space. Mr Woods is backed up by every right-thinking person, and his war for PUBLICITY will result in much good. He asked that a law be passed requiring a uniform system of book keeping in all Kentucky towns, whereby the clerk, attorney, or any citizen could look at the books in any town and see in an instant just where the city stood. The value of such a law is readily seen. Mr Woods is doing a great work, and his efforts will be of advantage even in other towns.

## NEW BANK ORGANIZED.

Local People Organize New State Bank for Lancaster. Will Erect New and Modern Building. Good Men for Officers.

As stated in last issue of The Record, the movement to organize and establish a new bank and trust company in Lancaster has proven quite successful, all the necessary capital being quickly subscribed, in fact most all the subscribers wanting more than it was deemed advisable for any one man to hold, in that if the shareholders were distributed equally over the county, much better results would be derived. The fifty thousand dollars capital was made up last week, and a meeting held Tuesday at which time the following officers were chosen: R E McRoberts, president, J C Eubanks, 1st vice president, J B Bourne, 2nd vice president. The name decided upon is The Garrard Bank and Trust Company.

It was decided to establish a State bank, as such institutions are precluded to handle a class of business of vast help to farmers and stock men which National banks can not handle. In other words, a State bank can take mortgages, whereas National banks can only make loans upon personal security. If deemed advisable later on, the trust feature will be added. The fact that stock in the new institution was eagerly taken (many wishing to double their subscription) goes to show that the institution will prove a paying investment.

The new building will be erected at once, one of the good features being the building of the safety vault, which will place at the disposal of the public an up to date box service, such as is enjoyed only by the people of large cities. For a very reasonable fee you can have a box absolutely burglar and fire proof, in which to place your private papers, receipts, notes, insurance policies, diamonds, silver, and other valuables. These boxes will be at your disposal during banking hours and absolutely no one but yourself will have access thereto. The house will be fitted with every modern equipment, tile floors, directors room, toilet room, and plenty of desk room for the public. The heating will be by steam, supplied from the boilers of the new hotel, which, by the way, will heat every room in the hotel block.

Work on the new block will begin as soon as weather permits, and it is quite probable that the bank building will be ready for occupancy by September 1st. This room will be absolutely fire proof, the floor over the basement (in which safety boxes are located) and the second floor (over the bank) being constructed of steel and concrete, so, in case the hotel burns, the bank will be absolutely safe.

The following directors were chosen: R E McRoberts, H K Herndon, H T Logan, Banks Hudson, J B Sanders, J R Haselden, R L Elkin, L G Davidson, C A Robinson, V A Lear, I M Dunn, Robert L Burton, W L Lawson, T C Rankin, W M Bogle, Jeff T Dunn, Johnson Price, L K Perkins, W R Cook, E L Woods, J B Bourne, W G Gooch, J C Eubanks, J C Hemphill, Henley V Bastin.

The following committee was appointed to draft articles of incorporation: Wm Herndon, R H Tomlinson, R L Davidson, E L Woods and W G Kemper. They performed this duty, and same were adopted.

The following committees were appointed: On cashier, H T Logan, Johnson Price, J R Haselden, Banks Hudson, R L Elkin; on situation, R E McRoberts, H T Logan, Banks Hudson; on building, Banks Hudson, W B Burton, J R Haselden; on furniture, I M Dunn, W G Kemper, J C Hemphill; on stationery V A Lear, R L Elkin, W G Kemper; on by-laws, Wm Herndon, R H Tomlinson, R L Davidson, W G Kemper, R E McRoberts; on safe, H T Logan, W G Gooch, E L Woods; on insurance and bonds, W G Kemper, E L Woods, L K Perkins.

### Former Lancaster Man.

The Impellent and Vehicle News prints a rather good likeness of Mr A H Rice, a former Lancaster boy, who has many friends here, and adds this: "Colonel A H Rice is sales manager for the Kentucky Drill Co., Division of the American Seeding Machine Co., with headquarters at Louisville. Mr Rice is one of those genial, whole-souled gentlemen whom it is a pleasure to know. That he is an experienced implement man is evidenced by the long experience he has had in the business. He was connected with the Hoosier Drill Co., for nine years before the consolidation of the various concerns, and for two years held a position as assistant sales manager with the American Seeding Machine Co., before it was decided to establish the different divisions, after which he was made sales manager for the Kentucky Drill Co., division."

### Strayed Or Stolen.

Large dark bay horse 7 years old with star in fore head, black mane and tail, horse is in good condition. Finder will return to W E Moss Lancaster and receive reward. Was seen at Lowell Tuesday afternoon.

The Baptist Ladies Aid Society will have a handkerchief and candy sale in the room over the Joseph Mercantile Co's store Saturday, March 17th. The public is cordially invited, and your patronage will be appreciated.

The above is a fairly good likeness of Miss Mittie Dunn, Garrard county's popular and efficient superintendent of Public Schools. Miss Dunn's faithful and competent work is giving entire satisfaction to the people, and she is being highly complimented on the able way she is managing the office.

"You can count on doing every piece of printing for us that can be done in your shop. The new bank will be strictly for home enterprises," said one of the promoters of the Garrard Bank and Trust Co., to the Record yesterday.

### Freight Wreck.

The south bound freight train ditched eight or ten cars just above Paint Lick Saturday, and traffic and mail were greatly interfered with until late that night. The wreck occurred at the same point Sells Brothers' circus was wrecked some years ago, at which time three or four people were killed and a large tiger liberated. The animal created an excitement which is well remembered by people living in that section of the county at the time.

The school superintendent and teachers right in supporting the practice of reading the Bible in the public school, and right-minded citizens generally will support by personal expressions of confidence and approval. If they err at all, it is in the direction of yielding to the current sophistry about denominational difference and their discouraging influence on this wise custom. Neither denominational prejudices nor the spirit of unbelief should be suffered to banish the Bible from the schools. Discerning Christian thinkers have long abandoned the evangelistic theory of Bible study, and are content to rest their case upon it as literature. In this they must be sustained. The literary qualities of the Bible and its historical meanings are such that no one who has a liberal education is unfamiliar with its most celebrated passages. The most approved vocabulary of literature is drawn from the Bible and Shakespeare. The great masters of style acknowledge these two sources as the springs of their power. Every child in the public schools of the United States ought to know and love the sublime action of the book of Job, the surpassing melody and imagery of the Psalms, the sententious worldly-wise philosophy of Proverbs, the exalted poetry of Isaiah, the powerful spiritual exhortations of Jesus, the noble elo-

quence of Paul. The literary value of these writings, the ennobling influence they possess for the enlightened mind, can not be forgotten without grave injustice to the intellectual life of the rising generation. It is a false eclecticism or humility that would yield upon this principle to the clashes of denominations or the demands of impious and arrogant infidelity, whether in the public school or institutions of higher learning.

Everyone familiar with the hard work done by Ed Leigh, secretary to Gov Beckham, knows that he receives the smallest compensation of any official in Frankfort, and deserves more pay than half those drawing fatter salaries. He is absolutely indispensable in the executive office, knows how to treat the throngs of people there every day, and keeps the work right up to the dot every day. If the Legislature fails to pass the proposed law giving him a decent salary, each member should be ducked in the Kentucky river. We do not write this because Ed is one of the cleverest fellows in Kentucky, but from the fact that he earns double what he is getting and ought to have it.

An Indiana court has just decided that a minister of the gospel is as much entitled to his salary as the man in any other profession. That is certainly a just decision, for the preachers earn far more than they are paid, and they should receive every cent of their salary. Any man who has to get up before a congregation of hardened old sinners, (most of whom he knows should and will kick chunks in the next world) and try to hammer religion into them, should be paid any salary he asks.

Here's a tonic by the editor of Success which we might all get a little rich blood out of. No one can grow while his thoughts are self centered. The sympathies of the man who thinks only of himself are soon dried up. Self consciousness acts as a paralysis to all expansion, strangles enlargement, kills aspiration, cripples executive ability. The mind which accomplishes things looks out, not in; it is focused upon its object, not upon itself."

Many of the papers are throwing bouquets at Editor Harry Sommers of the Elizabethtown News, in presenting his name as a candidate for the Democratic nomination for Governor. Some mighty nice things have been said of him, and they are all richly deserved, too. Harry Sommers is a Christian gentleman, and there's not a thing in the gift of the people too good for him.

The National Educational Association is making a hard fight to have phonetic spelling become universal. If the sages at the head of the project were forced to run a printing office in which there were several signers at the trade, they would be convinced that phonetic spelling had already made rapid progress in becoming universal.

The county-unit prohibition bill was knocked into a cocked hat by the whisky lobby at Frankfort, and the cr-

der closing the Louisville theaters on Sunday proved to be of no effect. There's no use talking, boodle and booze can come very near accomplishing anything these days.

The speculators who bought up all the eggs, expecting a severe winter to shorten the crop, are left with a tremendous supply of hen fruit on hand. This looks like tough luck, but the speculators will quietly hold the eggs until next winter, when they will be sold to the suffering public.

Editor Allen, of the Cynthiana Democrat, has purchased the plant of one of his competitors, and will add it to his already splendid equipment. The Democrat is one of the best papers published in Kentucky. Jim Allen's editorials are always full of wit and good, honest sense.

A Pennsylvania collector of internal revenue has just destroyed over 7,000 bad cigars. If Uncle Sam is going to stop the sale of mean cigars, what will the good wives do for Christmas presents for hubby?

The Bible society of Savannah, Ga., is going to place copies of the Bible in every hotel room in that city. We presume this to comply with the law requiring hotels to have a fire escape in each room.

Many of the college students who are just now parading in mortar board caps should begin to learn how to use the trowel, as most of them will have to get down to work adapted to their capacity when school closes.

The Frankfort Journal says a Somerset man has solved the mother-in-law problem by killing his, but in so doing he has doubtless jumped from the frying pan into the fire.

In a Louisiana card game the other day one of the players shot his partner dead for trumping his ace. He should be acquitted on the ground of justifiable homicide.

### Resolutions Upon the Death of W. H. Kinnaird.

At a meeting of the directors and other officers of the National Bank of Lancaster, Kentucky, at their banking house, on Tuesday, March 6th, 1906, the following resolutions to the memory of the late W H Kinnaird were unanimously adopted: Be it

Resolved: That in the death of W H Kinnaird this county has lost one of its best men, and this bank a wise counselor and most devoted friend. He went in and out before the people of this section of Kentucky for many years, and his ways were ways of uprightness. Large interests were entrusted to his care and management, and he was faithful in their discharge. He was among the foremost building for the good of his church, his town, his county. Those who knew him best loved most. He was true to his friends. For nearly forty years he was cashier of this institution, retiring from that position in the year 1898 on account of advancing age, but he remained a director, and took an active interest in his duties as such. We shall miss his presence and kind words of advice in the meetings of the Board of Directors. We join with this whole community in mourning his death, and we pray God's comfort and richest blessing upon his family. Be it further

Resolved: That we spread these resolutions upon our minute book, publish them in The Central Record and give a copy to the family.

### What's The Matter With Kentucky?

(By W J Lampton at a Banquet in New York)

"Kentucky is the grandest State in the sisterhood; she led the list of prize winners at the St. Louis Exposition; she stands in the forefront of, etc., etc. (From a banquet exordium by a Kentucky Colonel, duly sober.) Hooray for Old Kentucky,

She has won the premium bunch, And she leads the whole procession Of the Exposition bunch.

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, Where the famous Blue Grass grows,

Where the woods are full of timber And the mellow Bourbon flows.

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, Where the crops of Colonels thrive,

Where the women are the finest And the prettiest alive.

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, Where the horse is always king,

And the blue grass pastured cattle Get the ribbons in the ring.

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, Where the hemp and wheat and corn

And the golden leaved tobacco Fill the cornucopial horn

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, She has iron and coal and—say, She has gravel in her gizzard,

And she gave the nation, Clay, By thunder,

She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, She has yet some men so great

That although they grunt, they carry The burden of the State

By thunder, She's a wonder, Yet it isn't plain to me

That Kentucky is exactly What a great State ought to be.

Hooray for Old Kentucky, She has got a glorious name

And the stuff in mind and matter To prepetuate the same.

By thunder, She's a wonder, But brethren, do you think

That Kentucky is exactly— Oh well, let's take a drink.

And if we cannot get a toddy, Let's go outside and shoot some body.

Lexington Herald:—The engagement of Miss Marie Griffin, of this city, to the Rev. E B Bourland, of St. Joseph, Mo., is announced. The wedding will be celebrated on April the fourth. The news is of much interest as both young people are very popular. Miss Griffin is the daughter of Mr and Mrs J W Griffin, and is one of Lexington's brightest and most attractive young women, and her fiancé is a brilliant young minister of St. Joseph. He is a Kentuckian, his former home being in Madisonville, and is popular and admired here, where he is well known.

### SAVIOUR'S FAST. of Forty Days Typified By Lent, Which Began Last Week.

Last Wednesday was the first of Lent. Lent is a fast of forty days, kept in imitation of the Saviour's fast in the desert, and to prepare by penance to celebrate the memory of his resurrection at the end of this from the spiritual death of sin to a new life to partake of the joy of his resurrection at the end of the holy season. But the number of people who know how Lent is fixed each year is extraordinarily small.

Easter Sunday is the feast of the resurrection, the crowning act of mankind's redemption. It is this particular day that closes the long fast of Lent, and it is from this particular day each year that the Catholic Church dates its calendar. The church provides that Easter is to be celebrated annually on the fourteenth day of the moon following the equinox. Take the almanac for the year 1906 and it will be noted that the vernal equinox occurs on March 21. The following moon appears on March 24, and the Sunday following the next fourteen days brings us to April 15. Hence April 15 is to be Easter Sunday. Now count back forty days Sundays omitted and Ash Wednesday will fall on February 28.

Easter of Pasch is one of the greatest festivals of the year. The word "Pasch" has come down through more than thirty centuries. The Jews have their Pasch as Catholics have theirs. Pasch means passage. In the old law it signified the passage of the Angel of the Lord over the land of Pharaoh during the night when was slain the first born of every house on which he did not see the blood of a lamb. Pharaoh then allowed the Jews to depart from Egypt. To Christians in the new law the Pasch signifies the glorious passage of the Saviour from death to life.

On the very threshold of Christianity the Apostle and Disciples began to commemorate this passage, and whenever it was possible they assembled in Jerusalem for its observance. Hence it is maintained that the celebration of Easter is of apostolic institution.

Mr Goodloe Lackey, of Kansas City, has been visiting his parents, Mr and Mrs D M Lackey. Mr Lackey's Lancaster friends are always glad to see him.

Messrs W A Arnold, W B Burton, Thos Curry, Misses Allie Arnold and Pearl Bettis went to Lexington to see Sothern and Marlowe in "Taming the Shrew".

Mr Louis Herndon, who has been with Belknap & Co., Louisville, for some time, has accepted a position with Haselden Bros, and will make his home here. "Snag" is a fine fellow.

### Little Pocket Physician.

Hyomei Inhaler that is Guaranteed by R E McRoberts to Cure Catarrh.

Thousands who have been cured by Hyomei, call the inhaler that comes with every outfit "The little pocket physician," as it is so small that it can be carried in the pocket or purse.

Prior to the discovery of Hyomei, statistics showed that at least 97 out of every 100 persons in this state were suffering from catarrh is some form. The remarkable results following the use of Hyomei are shown by the smaller percentage today of people suffering from catarrh.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt its value, R E McRoberts will let you have a complete outfit with the understanding that unless it cures catarrh, it will not cost you a cent.

A complete Hyomei outfit consists of "the little pocket physician," a medicine dropper, and a bottle of Hyomei, and costs only \$1, while additional bottles of Hyomei can be procured for 50 cents, making it the most economical, as well as the most reliable treatment for the cure of catarrh.

Do not delay longer the use of Hyomei, if you have catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrhal germs are present, destroys them, soothes and heals all inflammation, and makes a permanent and lasting cure.

The 200,000 members of the American Society of Equity, a farmers' organization, are preparing to strike for higher prices on farm products by going to withhold their crops from the market.

Geo. W. Seckman, of Mt. Sterling, Ill., sold his prize hog, Tip Top Notcher, for \$5,000, the highest price ever paid for a hog. The animal, which won the first honors at the St. Louis World's Fair, at one time weighed 1,120 pounds, and was the heaviest in the world.

"Horse receipts are heavy in the Western markets," said a prominent shipper last week, to the Harrodsburg Herald, "but the country is not selling freely. Farmers have plenty of horses and they are not in the hum or to part with them at least until spring work is accomplished. To assume that there is a dearth of horse flesh is to fall into an error. The country has raised several large crop and another is due the coming spring. Young horses are to be seen everywhere in abundance. In many sections one sees plenty of horses in stalk fields but few cattle. Farmers are confident that equine values will hold their present level and shippers in search of bargains usually meet with decided disappointment. On one thing the farmer is determined and that is that he will not be short of horses for spring work and more of them will be needed than ever as a record-breaking area is to be planted in corn and other grain."

### A GOOD NIGHT'S REST

"Speak for it!" she cried to doze, for she knew in her little heart, that German Syrup, her great treasure, could heal and joy impart.

The greatest tonic on earth is a good night's rest. Restless nights and the terrible exhaustion of a hacking cough are dread dangers of the poor consumptive. But why this fear of the night when few doses of Dr. Boesch's German Syrup will insure refreshing sleep, entirely free from cough or night sweat? Free expectation in the morning is made certain by taking German Syrup.

We know by the experience of over thirty-five years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst cough, cold, bronchitis or lung troubles - and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders.

Two sizes, 25c and 75c. All druggists.
